Back to safety

This server could not prove that it is **14.139.209.68**; its security certificate is not trusted by your computer's operating system. This may be caused by a misconfiguration or an attacker intercepting your connection.

[Proceed to 14.139.209.68 \(unsafe\)](#)

Click on Proceed to

4. After clicking on proceed to a login page will appear as below:

The diagram shows a login page titled "Please Login" with two input fields: one for an ID (containing "XXXXXXXXXX") and one for a password (containing "\*\*\*\*\*"). A green "Login" button is at the bottom. Three callout boxes provide instructions: "Enter ID which he/she has been using for accessing Internet inside University campus." points to the ID field; "Enter the Password" points to the password field; and "Click on Login after entering ID & Password" points to the "Login" button.

5. After login you will be able to use the desired available E-Resource.
6. After completion of the work the user must logout by clicking **Logout** option under user at upper right part of web portal.

**Note:**

- Students are advised to use genuine software and updated genuine Internet security with Anti Virus software in their device.
- Students should always understand that it will be assumed that they are aware of the legal consequences of any misuse or harming of remote access facility. Students should also always understand that it will be assumed that they are aware of the legal consequences of breaches of the license agreement with publishers / service providers.
- If any type of security threat comes from a particular user's network, the remote access for that user shall be blocked by University.
